I don't know that we have the resources to dive into this one also.

Hi everyone:

I am filling in for Jackie on this task ☺.

The due date will be Aug 18 COB.

Instead of having a briefing like we did for malathion, it looks like the background information below would be most useful and suffice.

Can you see if you have anyone who could take a look at this one?

Deliberative Process / Ex. 5

The document is attached and the background material is found below.

Thanks in advance. Please let me know if you have any questions.
